ADVANCING PROFESSIONAL PRACTICE THROUGH ON-LINE LEARNING OPPORTUNITIES

apollo

Apollo is a series of distance learning modules aimed at meeting the ***continuing professional development*** *needs of doctors and others in the health care profession.*

Each module concentrates on a particular subject with each CD containing practical information and interactive activities and assessments.

The Human Face of Medicine MODULES 1 2

The Human Face of Medicine is explored in Modules 1 and 2 of the Apollo series.

The modules offer an introduction to the medical humanities using materials from a variety of disciplines - all explored in relation to day-to-day clinical practice.

FOR A FREE SAMPLE MODULE VISIT: www.apollobmj.com

Managing Change for Effective Clinical Practice MODULE 3

The overall aim of this module is to give you a flavour of the different dimensions of change management in health care, and to help you become more confident in selecting and applying the appropriate theory or model to your chosen change situation.

APOLLO is PC and Mac compatible.
